PLEASE READ CAREFULLY

This price list cancels all previous lists. All orders are put up by myself and the stocks I send out are the equal to any regardless of where grown. Clean, fumigated, true to name, etc.

TERMS OF SALE:—Cash with order, please. 25% deposit will hold till April 1st. Foreign orders must have necessary tags, permits, etc., and go at your expense. Bulbs postpaid in U.S.A. and Canada. No substitution of varieties, please name second choice. Order early, some varieties very limited and our selling season is short.

NO SMALL SIZES OR BULBLETS FOR SALE AFTER APRIL 1st., as we begin planting at this time.

PRICES, DISCOUNTS, ETC.—We try to make our prices as low as those of other Gladiolus Specialists doing away with all complicated and periodic price reductions. Coupons and other high-powered propaganda. Our practice of giving good measure and including superior samples more than equalizes any lower prices that may develop. You take no chances buying here.

California orders please add sales tax. 5 at 10 rate; 25 at 100 rate; 250 at 1,000 rate, but no item less than 10 CENTS. No orders less than \$1.00 accepted.

All stock offered, and orders accepted, subject to prior sale.

My thanks are extended for your many fine letters and past favors and hope to continue to warrant some of your bulb orders.

WHITE and CREAM

CORONA— Most popular variety. Creamy white pink picotee edge. Large 10 for 80c; Medium 10 for 50c; Small 10 for 30c.

N O T I C E !

Just a few words regarding these Picardy sports, such as Pink Picardy, Leading Lady, Silver Wings, Lady Luck, Bernadette, Prosperity, etc. You will receive some Picardy bulbs among all the above no matter whom you may purchase from. Any one who says otherwise is very reckless with the truth.

DIP and SPRAY

Dip the bulbs before planting in one tablespoon of Lysol mixed thoroughly with one gallon of water. Let them soak for six hours immediately preceding planting.

Spray your glads weekly after foliage is in the third leaf to kill thrips. Two ounces of tarter emetic, six ounces of brown sugar. Mix well with three gallons of water.

NAPHTHALENE FLAKES

If there is any possibility of there being thrips on your bulbs, by all means do something to get rid of them. Of course you know if you had thrips on your plants this summer but sometimes there are thrips in very small quantities that you might not notice so it is always safer to take precautions and get rid of the thrips in the fall before they have any chance of doing any damage to the bulbs. If you have only small quantities of bulbs, that is up to a thousand, Naphthalene Flakes are the simplest thing to use to clean up the thrips.
